Ok - I believe we've worked with Ms. Sinding in the past regarding a FOIA related to hydraulic fracturing.

I am going to respond with a Community Involvement Coordinator contact for her to get the message right about the status of EPA field activities. There has been a lot of misinformation in the media.

Thanks,

Hi Jon and Angela,

I've started to do some work on fracking, and NRDC is already doing a ton of it, as you may know - a lot in NY, but also some in PA. Kate Sinding, copied on this email, is leading much of that work and has been engaged directly in Dimock. I'm writing to introduce her to you, and ask

if you can provide some info on a specific, time-sensitive question she has about drinking water deliveries in Dimock, and/or hook her up with the best contacts on this at the Region.

Thanks in advance. Best,

-Larry
